

```

student@ubuntu:~/labtainer/labtainer-student$ checkwork
Results stored in directory: /home/student/labtainer_xfer/dns
Labname dns

Student          |          pingws3 |      pingfromws3 |
=====          | =====          | =====          |
B21DCAT151       |          Y       |          Y       |
What is automatically assessed for this lab:
    pingws3: Did the student ping ws3 from ws1, indicating that DNS has entries for ws3?
    pingfromws3: Did the student ping ws1 from ws3, indicating that ws3 has a defined DNS?
student@ubuntu:~/labtainer/labtainer-student$ checkwork dns

```
